HOMECOMING ROYALTY AT ATHS made quite a picture as they rode in the parade down Main street of Antioch Saturday morning. Here are shown Queen Dorothy Close (center), flanked by her two senior attendants, Joyce Sorenson (left) and Gail Tuteln (right) as they rode past The Antioch News office just about the time the sun came out from behind the clouds. The other three attendants, freshman Sue Gorlitz, Sophomore Terry Manzardo and Junior Phyllis Kopriva rode in another car. The parade was just one of many events over the weekend and drew hundreds of people to downtown streets. David Heath is driving the car. (Antioch News photo)

Homecoming Parade Was Seen by Hundreds

The sun broke through lowering clouds and rain squalls just in time Saturday morning to greet the head of the Antioch high school Homecoming parade and add to the color and glitter of this event on Main street.

Several hundred people lined both sides of the street to watch marching units, floats and cars swing down Main street, up Orchard, back down Lake street and thence to the high school where the parade started.

Snow Comes Early Here

Winter came early to Antioch. Sleet and snow fell in the village and nearby Wednesday morning of this week. People going out doors early in the day felt a drop in temperature from Tuesday.

Clouds started to appear Tuesday and by the time people were up Wednesday they found signs of precipitation on the sidewalks and streets.

Warm ground conditions helped keep the snow from showing there but it was in the air.

Just Look Inside . .

Photographic coverage of the Homecoming parade of Antioch Township high school held last Saturday morning will be found on page 5 of this week's Antioch News, in addition to the photo on page 1.

In addition inside pages also contain pictures of the site of the new Lutheran church in Lindenhurst, a Boy Scout Indian dance team, several of area people honored in various ways and a drawing of the Salem Grade school addition.

Boy Scout Drive To Open Sunday

The annual campaign to support the program of the Boy Scouts of America will begin in Antioch as well as throughout the nation Sunday, October 23, Dr. E. R. Abderholden, Antioch fund chairman, announced Wednesday.

Russell Barnstable has been named general solicitations chairman for Antioch; Fred Walpole, business solicitations leader; Howard Shepard, publicity, and Ray Lorenz, Jr., special gifts chairman.

"Full community support of this campaign is necessary if we are to maintain an effective Scouting program in our community," Dr. Abderholden said.

"The campaign goal in Antioch is \$1,500, or this community's share of the \$121,000 budget of the North Shore area council."

Antioch derives many benefits from its membership in the North Shore area council, Boy Scouts of America, Dr. Abderholden said.

Friday afternoon in the boys' gym, high school students and faculty held a pep rally complete with band numbers, cheers, speeches and the like.

The only really "sour notes" on the entire Homecoming were losses to Round Lake 38-0 in the varsity football game Saturday afternoon and a loss by the junior varsity earlier in the afternoon.

School Board Again Talks Building Plan

Building plans in the form of an addition to the present high school structure were expected to be the main topic of discussion at a meeting of the ATHS board of education Wednesday evening.

Principal Albert Dittman said new architects' plans different from those proposed earlier by a Rockford firm, would be presented.

Earlier drawings and sketches were rejected because the estimated cost was too high.

The board also was expected to discuss the sale of high school land bordering on the Soo Line tracks to the village. This took place last Saturday at an auction conducted by the Lake county school board.

Norman Jedele was scheduled to present the audit for the 1959-60 school year, but due to illness, he may not have attended.

Antioch's grade school board was told Tuesday evening that Mrs. Helen Nelson, school treasurer, had invested two sets of school funds of \$50,000 each in government bonds.

The purchase of playground equipment for the Oakland school was discussed at some length but no formal action was taken. These would include swings, rings, horizontal bars, trapeze, "Jungle gym" and the like.

Board members, however, indicated such equipment would be approved later.

'Fall Festival' Sponsored by CC October 26-27-28

Five hundred free pumpkins for Antioch grade school children to decorate will be distributed by the local chamber of commerce Wednesday, October 26, as part of a fall harvest festival sponsored by the C of C.

Advertising in this and next week's issues of The Antioch News will tell readers of many bargains offered by local business people in a "Fall Harvest of Values" that will be part of the chamber's pumpkin event.

A Jack O' Lantern parade in which the pumpkins and children will take part will take place at 7 p.m. Friday, October 28, in downtown Antioch.

Twenty-five prizes are to be awarded for the best decorated pumpkins.

Those taking part will not be required to wear Halloween costumes and every child participating will receive a free gift.

The jack-o-lantern contest will be open to grade school children.

Boys and girls in the eighth grade and in high school will decorate windows of downtown business houses in the Halloween motif.

The free pumpkins will be distributed to the grade school youngsters on the village parking lot from 3 to 6 p.m. October 26.

Children are to register when they pick up their pumpkins (one to a child) and each will receive an official entry number to be worn in the parade October 28.

Pumpkins are to be taken home, carved out and decorated in any way a child may wish. If a light is used, the chamber recommends batteries be used.

"Bring your decorated jack o' lantern back to the village parking lot Friday, October 28," the chamber says, "for a parade and judging."

"There will be prizes for the best decorated plus a couple of consolation awards for every entry made."

"SOLD TO ANTIOCH VILLAGE" might be the words Lake county school superintendent W. C. Petty (second from left) is saying here as Antioch high school and village officials look on at an auction of 3.42 acres of land Saturday morning. Herman Behm, the auctioneer, is at the far left. Others shown are, from left, Attorney Ted Larson of the Antioch high school board of education; Mayor Merrill Cunningham; ATHS principal Albert Dittman and high school board member William Brook. of parents, other adults and children attending.

Five classrooms, test rooms, office, sick room, work room, multipurpose gym-auditorium and heating facilities were added in the latest addition to a building started in 1917 and added to off and on since then.

The former basement auditorium was remodeled for additional kitchen and dining room space and a store room. This program added more cubic footage to the building than was included in all of the previous programs.

Salem school now has an enrollment of 410 pupils, 15 classroom teachers, three special supervisors (music, art and physical education), a full-time principal, a secretary, two custodians and four cooks.

All 18 of the classrooms are being used this year except one.

As of now the Salem school is the largest grade school housed in one building in Kenosha county.

REV. JAMES McHolland, pastor of the Salem Methodist church, gave the invocation and prayer of dedication and later the benediction.

The pledge of allegiance was led by James Stoinack and Edsel McNutt, with Arthur Bloss, president of the school board, making the welcoming talk. The Salem Central high school band was heard, directed by Russell Broten.

Mrs. Ruth Stewart, music teacher at Salem grade school, directed the 7th and 8th grade chorus in several numbers. Introduction of guests and the board of education was made by Principal Michael Korlewitz.

Guest speaker for the event was William C. Kahl, director aid for the Wisconsin department of public instruction.

DEAR READER News Editorials

Can You Tell Us the Right Answer?

Two or three civic bodies in Antioch and vicinity these days are pondering at some length over when and how much they should ask from their communities for additions deemed necessary.

One of these is the Antioch village board of trustees, which has been told in effect by the State of Illinois that it must enlarge its sewage disposal plant—or else.

Just a few miles from here Lindenhurst is studying a similar problem but instead of improving a plant in existence it is contemplating establishing a sewage disposal setup to replace existing individual septic tank systems.

Antioch Township High School's board of education for some months now has been debating when and how much to ask from its constituents for an addition to the present building.

The state informed the village some months ago that Antioch can add no more properties to its present sewage system until the plant is enlarged.

A central sewage system in Lindenhurst is deemed the best thing from a long term standpoint. In addition there are parts of the village where a septic system can cause trouble due to the soil texture.

ATHS board members claim that the present high school building will be too small in four or five years and that plans for an addition should be considered by the voters now.

They point out that two years or more would elapse before an addition would be ready for occupancy even if it were approved this fall.

In their mind that is putting said addition too close for comfort to the saturation point as far as crowding is concerned.

There is no question but what the voters will be asked in all three of these areas to decide on expansion or not to expand.

What will your answer be?

Courthouse Notebook—

BY LOU DURKIN

That Courthouse Location Question

Judge William R. Dusher came over from Rockford Monday to hear testimony on the legality of the county board's transfer of title to the Courthouse Square from the County of Lake to the Lake County Building Commission, but probably won't make his ruling for another two or three weeks.

Durkin

The big question at issue in the "friendly" suit brought by the office of State's Attorney Bruno W. Stanczak revolves around whether or not the land in question was held in trust by the County of Lake for restricted purposes.

Assistant State's Attorney Richard Seyfarth of Antioch, had the unenviable job of carrying the ball for the People of Lake County; unenviable because it was quite apparent he wanted to lose the action so the transfer would be declared legal and the building commission could proceed with the construction of a new courthouse.

Seyfarth, who is assigned to the county board as legal adviser, looked a little bit like a boxer who has agreed to "go in the tank", but doesn't know how to make it look good.

Strange to say, the court will not have the final say on the legality of the transfer since the practical ruling will come from two private institutions, rather than a court of law.

The Chicago Title and Trust Co., which has become virtually a quasi-public body in Illinois will have to put its seal of approval on the transaction to make it really acceptable and then a Chicago law firm which specializes in issuing opinions on the acceptability of bond issues will have to give any bond issues based on the transfer its blessing.

Without the approval of these two private organizations Lake County is stymied in its efforts to construct a new courthouse under the Public Building Commission Act.

The title company and the law firm have been aptly named "the Supreme Court of LaSalle St." and wield almost as much power as the legally constituted courts.

Nothing was brought out in the hearing to indicate that any other courthouse location is under consideration, but there is still a hard core of county board members who can be expected to fight construction of a new courthouse on the present Waukegan site right down the line.

Waukegan Supervisor August Cepon, chairman of the building commission, can look forward to a continuing battle right up to the day the completed building is dedicated and the county offices open operations in their new headquarters.

The county board took a big step forward at its meeting last Friday and then, almost as if to balance the books, took another step backwards. First the board recognized that the county farm is no longer useful in Lake County and voted to abolish the operation that is a hangover from the past.

Every county used to have a county farm because a majority of those in residence at the county home were former farmers and they could work the farm.

This is no longer true and the county farm as it has been known in the past is out of date.

After making this concession to the 20th Century and progress a handful of supervisors then led a fight against adoption of a board meeting agenda because it would have meant a deadline for submitting resolutions. Of course, there is an advantage in this. The supervisors don't have time to really study the resolutions on which they are expected to vote.

Opponents of the agenda plan apparently feel that "Any knowledge is a dangerous thing."

West End Add To Central High Said Desirable

PADDOCK LAKE, Wis.—Frank Wilson, an architect, made a preliminary report on the possibilities of building on to the present school structure, at a meeting of the Central high school board of education recently.

It seems that the most desirable addition to be made would be that on the west end of the present east-west corridors.

The firm was authorized to make a more comprehensive study of all the phases of the construction necessary. The report was to be made available at the next regular board meeting November 8.

October 24 was accepted as a date for the annual faculty-board get-together.

Antioch News
Antioch, Illinois
To the Editor:

"Your Newspaper . . . Freedom's Guardian," is a most fitting theme for the observance of National Newspaper Week October 15 to 21.

On behalf of the Illinois State Bar association, I offer my congratulations to you on this conspicuous occasion.

The newspapers are indeed freedom's guardians. It is doubtful whether this country could have been founded without newspapers and periodicals.

Thomas Paine's "Common Sense" essays and many other writings stirred the colonists to action against tyranny, resulting in the eventual independence of this country.

Only a free bench and bar would have produced an Andrew Hamilton to defend John Peter Zenger's right to criticize the king in the great tradition of the law profession to enforce the rights of a free press.

Newspapers today carry on the tradition as Freedom's guardian. Through its news columns and the editorial page the newspaper lets the world know when any attempt is made to abrogate our freedoms.

Communist infiltration into our government has been exposed. "Racial discrimination and all its ugly overtones have been laid bare."

Whenever and wherever an attempt is made to weaken our freedoms, new laws and new actions

are taken to make our freedoms stronger than ever.

And just as the newspaper profession continues its role as the Guardian of freedom, the law profession supports that task through its role as the Advocate of freedom.

We lawyers, as officers of the court, are particularly interested in the preservation of laws guaranteeing freedom. In fact, we are charged with the responsibility of upholding the constitution and the great ideals for which it stands.

I might add, in this respect, that I am highly gratified by the support that Illinois newspapers have given the observance of Law day which occurs May 1 each year.

Law day, like the observance of newspaper week, is a time to draw attention to the value and importance of our law-based freedom.

In a sense, both the law profession and the newspaper profession have a common objective—the objective to bolster and strengthen our American freedoms for the good of all American citizens.

Through bold headlines and courageous reporting, newspapers have furthered that objective.

And likewise the law profession, through its quiet work in the courts and its defense of citizen rights, has made American freedom a shining reality for all the world to see.

Sincerely,
Edward B. Love

Village Buys School Land For Industry

The village of Antioch acquired a strip of land roughly 900 feet by 150 feet and containing about 3.42 acres from the Antioch Township high school district at an auction sale Saturday morning.

Rumor has it that the land will be made available by the village to an out of town industry which plans to build here.

Antioch mayor Murrill Cunningham entered the only bid at the auction authorized by the Lake county school board of trustees and conducted by county school superintendent W. C. Petty, a resident of Antioch.

Herman Behm of Antioch was the auctioneer.

Earlier the AHS board of education had okayed the sale. However, the land legally is owned by the county school board and hence it did the actual sale by auction.

The mayor presented Petty with a cashier's check for \$8,000, the minimum bid that could be made under the notice of sale published in The Antioch News.

Sale conditions specified that it must be used for industrial purposes only and that it would revert back to the high school district if the acreage is not improved with an industrial building at least 150,000 square feet in floor area.

The building must be "substantially completed within one year from date of the said deed and shall be ready for occupancy within 1 1/2 years."

Attending the auction in addition to Petty and Cunningham were William Brook, a member of the high school board, Attorney Ted Larson and Principal Albert Dittman.

Twelve firms apparently were interested in bidding on nearly \$600,000 in bonds to finance an Antioch sewage plant improvement and new sewer and water mains project, but no basis for such bids could be agreed upon last Friday evening.

Attorney Edward C. Jacobs said that new rules would be set up for bidding and the firms representing 30 bonding houses would be asked to return in about 10 days.

Village and bonding leaders tried for about an hour Friday evening to establish a basis for bidding on \$500,000 worth of bonds, including \$225,000 general obligation, \$175,000 revenue and \$100,000 special assessment.

Plans and specifications for the entire project may not be ready for another two months and that also confused the bonding people.

Gallagher Youth Receives Honors

WILMOT, Wis. — Michael J. Gallagher, son of Mr. and Mrs. Royce Gallagher of Silver Lake, has been honored for outstanding performance on the National Merit Scholarship qualifying test given last spring at Wilmet Union high school.

Principal Marlin M. Schnurr announced that Gallagher was endorsed by the school to receive a formal letter of commendation signed by the principal and the president of the National Merit

Scholarship Corp.

John M. Stalnaker, president of the national group, said letters of commendation are being awarded to some 28,000 students throughout the United States in recognition of excellent performance on the national merit scholarship qualifying test.

"While these bright youngsters did not reach the status of finalists in the 1960-61 merit program, they are so outstanding that we wish to single them out for special attention," Stalnaker said.

"The semifinalists and commendation students together constitute less than three per cent of all high school seniors, and this certainly signifies noteworthy achievement."

Records have not been located to determine when the first school was built in the present Salem school district. However, an old record book proves that Brass Ball school was operating in 1867.

Another source establishes that school was being held in Salem Center in the 1870's. About 1917 a four-room, two story brick building was erected at the present site, but not all the rooms were always needed.

SALEM CENTER, Brass Ball, Paddock Lake and Liberty Corners schools were consolidated in 1949 and added were four classrooms, rest rooms and an office upstairs; auditorium, kitchen, dining room, craft room and other facilities downstairs at a cost of \$83,400.

With the addition of the Bernard school district in 1950, the present Joint District No. 2 was completed. A \$49,000 program saw the original building remodeled, additional heating facilities installed and two classrooms, rest rooms and other facilities added on the east.

Just two years later in 1956 four rooms were added to the north wing at a cost of \$48,000.

The most recent addition, which was dedicated Sunday, cost \$169,000.

LINDENHURST — Sixty-three boys, members of the Lindenhurst Junior Police club, piled into a bus Saturday for their second bowling session at Fairhaven Bowling Lanes in Mundelein.

Ron Coles drove the bus and had the help of three adults to keep the boys in order. Coles said they were quite orderly.

John Slove of Slove's Country Charm Bakery donated the \$15 to pay for the rent of the bus. Transporting 60 and more boys entirely by automobile was too big a project.

Other men may donate something toward the rent of the next two buses.

October 8, nine year old Rickey Bonovitz was highest with a 128 average.

Boys wanting to qualify for a trophy or other awards are to attend the next two matches. There will be a trophy for the boy that shows the most improvement and the highest game.

Coles asked more parents to take an interest in what their boys are doing. Drive over and watch how the boys bowl.

They start at 11 a.m. and bowl until about 1:30 p.m.

Community Hall For Lindenhurst Is Near Reality

By Mrs. Bernice Bernau

LINDENHURST — Residents of Lindenhurst have received in the mail a letter telling plans for a Lindenhurst Community center.

The building would be available for all social groups, club, teen and children's activities as well as all other organizations.

Mort Engle of Engle & Sons, and subdividers of both Lindenhurst and Venetian Village, donated a tract 230 by 160 feet with an existing two story building, formerly the old American Legion hall, facing Old Elm road.

There will be ample room for parking. The property is valued at \$15,000.

There is provision by the holder of this property, Lake Forest National Bank, that the real estate in question will be improved before it can be deeded.

At present the Lindenhurst Men's club and the Women's auxiliary have made plans to raise \$10,000 to renovate the old building and to build a new addition.

But a separated organization may have to be set up to receive the deed and be responsible for the Community center. The building fund has about \$2,000 in cash in its account.

The new building that will adjoin the present one, will be 100 by 40 feet.

A fall dance in November is planned to help raise necessary funds.

With every brick sold, the buyer will receive a red cardboard brick and a place in the center for him to write his name on.

These bricks later will be placed on the wall as a memento of those who helped support the building fund drive. Members of the Men's club and the Women's auxiliary are contacting residents to purchase their "bricks."

All meetings and affairs now are held either in the Village hall or the Men's clubhouse on Grand avenue, but the Men's club house has been sold and the Grace Evangelical Lutheran church will be built on that site.

'Great Books' Group To Meet Next Monday

LAKE VILLA—Must a child always obey a parent? Is a subject compelled to obey his ruler?

These are just two questions that 'Great Books' discussion group participants may try to answer when the Lake Villa Township library group meets for its third session at 8 p.m. Monday, October 24, in the library.

The work to be discussed will be the tragedy "Antigone" by Sopho-

cles, and the discussion promises to be stimulating.

The response to the formation of the Lake Villa group has been a very satisfactory one, and the library "Great Books" committee reminded all who are interested that registration is still open.

Anyone wishing further information may inquire at the Lake Villa library or by calling Roberta Thompson at Elliot 6-7875.

Phone that news item to Antioch 43 or 44.

Sequoits Play Ela-Vernon Here Saturday

Round Lake '11' Dumps Antioch in Homecoming 38-0

Antioch high's Fighting Sequoits will continue to seek a place in the win column for the 1960 football season when they meet Ela-Vernon on the local field at 8:30 p.m. Saturday in a Northwest Suburban conference game.

The junior varsities will clash at 6:30 p.m. on the local grid-iron.

"The Spirit Was Willing But the Flesh Was Weak," or something similar might be the phrase these days after the Round Lake Panthers dumped Antioch's Fighting Sequoits 38-0 in the AHS homecoming game last Saturday.

Coaches, school officials and student body officers had been commenting all last week how much spirit the student body and the football squad had.

Then one might say, "Came the Deluge" Saturday afternoon as the Panthers continued their undefeated streak by breaking the game wide open in the second quarter to lead at the half 20-0.

The Round Lake youths tallied one touchdown in the third period and two more in the fourth.

The only serious threat by the Fighting Sequoits came on the final play of the game when Deryl Denman reached the Round Lake 23-yard line on a 35-yard passing play from George Hogan.

Ed Martin was called a defensive standout for the Sequoits while Lance Keisler showed good form in some long kickoff returns.

Antioch gained 73 yards through the air compared to 186 for Round Lake, and on the ground the Sequoits racked up a minus yardage compared to 247 for the Panthers. AHS boys completed six out of 11 pass attempts.

Scoring for Round Lake were Woody Baumgartner on a 44-yard end run, Tom O'Brien on a 11-yard sweep, Joe McCann on a 44-yard passing play from George Sherman, Jim Angel from 13-yards out after a blocked punt.

Others were by Chuck Walker on a 10-yard plunge and by Ed Gepke on a 10-yard pass play from Sherman.

Scouts Open Cage Season November 13

Antioch's entry in the semi-pro Land O' Lakes Basketball league will open its 1960-61 season against Richmond at 1:30 p.m. Sunday, November 13, in the first contest of a tripeheader at Grayslake high school gym.

Other games that afternoon will find Round Lake meeting Fox Lake at 2:45 and Grayslake trading points with Wauconda at 4.

Antioch high's gymnasium will be the scene of action Sunday, November 20, when the local entry is scheduled to meet Fox Lake in the finale of the afternoon.

Grayslake will open the tripeheader that day against Richmond at 1:30 p.m., followed by Round Lake vs. Wauconda starting at 2:45.

These will be first round games of the league season.

Second round contests will find Antioch high school as the site for three games on January 22 of next year. The local gym will be the scene of the third round get-togethers on March 5 of next year.

Tom Poulos is manager and coach of the Antioch quintet.

A full schedule for the season will be published in The Antioch News later. Posters to be placed in windows advertising the schedule are being printed by the Gaston Printing Co., publishers of The Antioch News.

Senior Bowlers to Meet Nov. 2 at Local Alleys

WILMOT, Wis.—Wilmot high's grid-ders may have a breather coming up this week—they travel to Elkhorn to meet the lightest team on their schedule this year.

"We should beat 'em," said Coach Frank Buccell, noting that Elkhorn has won one and lost three in conference play. They did beat Salem

23-6 in a non-conference game, and scored a 6-0 win over Burlington.

Bucci's boys took a 25-13 licking last week at the hands of White-water.

Whitewater jumped off to a 6-0 lead on a score by Daryl Pieper in the first quarter.

In the second stanza, Greg Bush took the ball over from the 6-yard line, and passed to Jeffers for the extra point. John Kincaid ran 10 yards for a Whitewater score and ran the extra point, making it 13-7. Kincaid scored again in the third quarter.

Wilmot's second TD was raked up by Dennis Hanke on a 20-yard run in the fourth quarter.

With six minutes left to play, Kincaid batted a Bush pass up in the air, caught it and ran 23 yards for the final score.

THIS PASS JUST MISSED. Shown here are Antioch Township high school junior varsity players (in white) jumping high for an elusive forward pass catch in the game played last Saturday afternoon with Round Lake on the local field. The pigskin can be seen a bit dimly just above one of the three players in the center of the picture. The pass was thrown by a Sequoit player off to the right. The visitors won the game. The hands and helmet of another Sequoit player can be seen barely in the picture at the right. This game starting at 12:30 p.m. preceded the varsity clash won by the Round Lake 11 by 38-0. Sharon, David Buksa Celebrate Birthdays at Home in Lindenhurst

By Mrs. Bernice Bernau
Phone ELiot 6-5649

LINDENHURST—Party days in the Robert Buksa home on Pine Crest lane came close together recently. Sharon celebrated her fifth birthday with a party one day for Steven Smith, Mary Jo Parpan, Kenneth Boucos and Ariene Sonandres.

Later David marked his sixth birthday by inviting Kenny and Timmy Boucos, Raymond Parpan, Johnny Quinn and Tommy Uebele from Lindenhurst.

His Waukegan guests were: Tommy Tonin and Michael and Kevin Smith. The children had fun playing games, winning prizes and eating party refreshments.

The Buksa family also has a daughter, Carol, who was at both parties.

Mr. and Mrs. Joseph (Pearl) LaBarbera of White Oak drive, Anthony and Carol, attended the wedding of Joe's cousin, Miss Gloria LaBarbera of Chicago to Robert Franco, also of Chicago, October 8.

The reception was held at the North Park hotel with about 400 guests attending.

Robert Holder of Granite City, spent the week-end visiting his sister, Mrs. Hubert (Zelma) Bechtol of Witchwood lane and her family. Mr. Holder is a high school teacher of Russian and English. He originally learned Russian while he was in the Intelligence branch of the Air Force.

Mrs. Bechtol broke her big toe when an iron pipe fell on it two weeks ago, when she went to open the garage door. It will be some time before she will be able to wear a regular size shoe.

Bob and Dorothy Smith of Pine Crest lane were pleasantly surprised recently when Dorothy's brother, Bob Brown, flew in from Long Beach, Calif., to attend a National Electronics conference at the Sherman Hotel.

Bob spent Saturday and Sunday relaxing and visiting the Smiths, and their children Steven and Wendy, and his other sister, Mrs. Chester (Eleanor) Sawyer and fam-

ily who live on the south side of Chicago.

Brown is a senior research and development engineer for the Automatics division of North American Aviation in Downey, Calif. He recently wrote an article which will be published and that he will present at the international meeting of the Institute of Radio Engineers on May 12, 1961, at the Waldorf Astoria hotel in New York.

His wife, Marion, didn't make the trip this time. She stayed at home with their two sons, Jeff and Gregg.

The regular monthly meeting of the Masters and Mates of the Lake Villa Community Methodist church will take place October 22, instead of October 18, as originally planned. All couples young and not so young who attend the church, are welcome to attend. The Bob Smiths and the Roland Lyons, with the help of some ghosts and goblins, are planning a never to be forgotten Halloween party, to take place in the church basement.

Refreshments will be served and prizes will be awarded to the wearer of the most sensational costumes.

The Woman's Society of Christian service of the Community Methodist Church of Lake Villa sponsored a family style fried chicken supper Wednesday, October 19, in the church.

At 8:30 Friday night, October 7, 23 Boy Scouts of Troop 92 left for Porcupine Mountains State Park, Mich.

On the way up the boys slept on the bus, most of the way.

We reached the park at 11 p.m. The hiking began at 12, when we started out on Government Peak trail, our destination Mirror lake.

When we were one mile from Mirror lake at 5:57 a.m. we decided to go on to Lake of the Clouds which we planned to reach the following day, when we reached the lake at 8:00.

The bus picked us up and we stayed over night in the park.

After breakfast Sunday the bus took us up the mountain to Escarpment Overlook and we saw Lake of the Clouds 300 feet below. We rode back down and looked for a deserted copper mine. We left the park at 11:30 p.m. We arrived home at 2:40 a.m.

Those present were Lowell Gier, Ed Hoffcamp, Mike Haley, Andy Huff, Jim Horton, Jim Edwards, Jim Barnstable, Bob Davis, Joe Brell, Terry Harrison, Glen Otedahl, Mike Huff, Jerry Haley, Tom Wojnowiak, Bill Groening.

Others included: Pat Huff, Greg Leksich, Frank Szymanski, Pat Hoffcamp, Jim Neyrinck, Jim Gier, Bill

PADDOCK LAKE, Wis. — Two early November dates will be busy days and evenings at Salem Central high school with the state 4-H band and chorus to appear Nov. 4 after a Homemakers holiday fair is held on November 3.

More than 160 youngsters from all parts of Wisconsin will be taking part in the 4-H club band and choral concert at Central high school. It will be part of a 4-H youth rally planned for that evening.

For the first time the state band and chorus will go on tour. Previously they have appeared only during the state 4-H week in Madison and at the state fair in Milwaukee.

Boys and girls aged 15 to 20 will start their tour in Fond du Lac on November 2 and in the evening they will present a concert at a 4-H rally similar to the one planned for Paddock Lake.

The group will perform at the Dodge county farm-city youth day at Beaver Dam November 3 in the afternoon and at a Washington county youth rally in West Bend in the evening.

Prior to their appearance at Central high school, the young people will give a concert in the Milwaukee arena for the state teachers con-

vention. They also will tour the Allis-Chalmers Manufacturing Co.

DINNER WILL be served to them in Kenosha county at 6 p.m. by the Kenosha county 4-H leaders council at Paddock Lake, with the Salem Homemakers club in charge of serving.

The band and choral group will be overnight guests of 4-H families in their homes after the 8 p.m. concert at Central high.

Saturday, November 5, they will leave for Madison to attend the Wisconsin-Northwestern universities football game.

"Showing Your 4-H—The Show of the Sixties" is the title of the show to be presented. It will include musical selections from Broadway hit shows and a narration of the 4-H club work story.

Frances Mattis of the Trevor Eager Beavers 4-H club and Arlene Schmidt of the Salem Pioneers 4-H club will be among those in the two groups.

Miss Schmidt will play in the band and Miss Mattis will sing with the 4-H chorus.

THE RALLY also will include displays and exhibits prepared by Kenosha county 4-H clubs. Doors will open at 6 p.m. and admission will be free.

Among clubs planning displays are Salem Pioneers, Paris Happy Workers, Bristol Strivers, and Trevor Eager Beavers of Western Kenosha county.

The event is being financed in part by county clubs through bake sales and various club activities. The tour is being financed through the Wisconsin 4-H club foundation.

Local donors to the latter have included the Kenosha Milk Producers, Coopers, Inc., Kenosha County Farm bureau and the Kenosha County Farm Bureau Associated Women.

The Kenosha county Homemakers have scheduled their sixth annual holiday fair at the high school from 7:30 to 10 p.m. Thursday, November 3.

Twelve Homemaker groups will present demonstration-type exhibits featuring Christmas ideas for hospitality, decorating, gifts and gift wrappings.

A small admission charge will be made, leaders said.

Everything stays clean twice as long in a flameless electric kitchen

There's no flame to create dirt that smudges walls or ceilings. A clean-cooking electric range cooks without soiling, keeps your kitchen clean about twice as long. Result: you spend half as much time and money on washing and decorating.

Heats food—not you. A flameless electric range transfers heat to the pan and directly into

foods—not your kitchen. The oven is insulated on all six sides (not just five). Hardly any heat escapes. Your kitchen stays at least ten degrees cooler.

When you build, buy an appliance, or remodel your kitchen, keep in mind the clean, fume-free cooking you get in a flameless electric range.

THE
CLEAN
LOOK
of action

THE CLEAN LOOK of action scores the style coup of '61!

Buick sets off '61's styling excitement with a new trim, clean look, hailed by fashion leaders and new car buyers as the taste-setter of the year!

"Look! Nothing dips, nothing bends, nothing bulges!"... "Those clean, flowing lines are simply elegant!"... "The Clean Look of action? It really has it!"

Those are the kinds of things people are saying about the new Buick. For Buick's talk-about

styling is stirring up a storm. With just that alone, Buick would be out front for '61; but Buick has never been content to do things by half. So underneath its body beautiful is a new Wildcat V-8 with new gas savings and go; a new Turbine Drive with new bite (standard on all full-size Buicks!); a new Hide-Away drive shaft for flatter floors; a new Safety-X frame that lowers the sills, quiets the ride.

That isn't all. This Buick is built around an all-new Comfort Zone. Though trimmer and

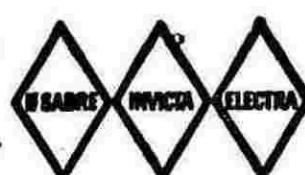

steeper outside, Buick has more head-room, leg-room, shoulder-room inside. The seating's softer. And as you drive, Control Arm Suspension smooths the bumps, flattens the corners.

But no words or picture can do this Buick justice; you have to drive it to appreciate it. Come to your Buick dealer's—and add to the comments!

English Lady Visits Channel Lake Residents; Other News From Area

By Mrs. Pearl Kapell
CHANNEL LAKE—Mrs. Isabelle Alderholtz from England spent Sunday, October 17, at the Frank Hennig home. Mrs. Alderholtz, a U. S. citizen who came to this country after her marriage, worked with Mrs. Hennig for several years. Since her retirement she spends much of her time in England because of family ties.

The Hennigs' grandson and his family, Mr. and Mrs. Hoyt Hennig and three children, also spent the day at the Hennig home.

Brian McCarthy had a happy birthday last week. He was eight years old, eligible for Cub Scouts, and received his complete Scout outfit as a birthday present.

Mr. and Mrs. Frank Hennig entertained the Couples Club at their home October 12. Present were Mr. and Mrs. William Frey, Mr. and Mrs. Harry Weiss, Mr. and Mrs. Bob Hess, Mr. and Mrs. Clarence Spiering, Mrs. Katharine Archer and Mrs. Lois Liess.

The Felter's Subdivision Birthday club met at the home of Mrs. Ruth Gibbons October 11 to celebrate the birthday of Betty Hendricksen.

Don't forget the Boy Scout court

of honor Tuesday, October 25, at the Channel Lake school.

The boys work hard for the honors they earn and it's a bitter disappointment to be one of the few boys whose family and friends are not present when he receives his award.

Several activities for the coming weeks were discussed at a meeting of the Channel Lake Community club October 11.

The club decided to present a plaque to a member of the community who, members feel, has done outstanding service to the various civic enterprises.

It was decided that the club would sponsor a dance to be held at the school November 12.

It was suggested that the club erect a bulletin board on the school grounds listing coming events of all organizations connected with the school, contingent on the approval of the school board.

The card party held by the Community club Saturday, October 15, was well attended. Refreshments of cake and coffee were served at the conclusion.

Tom Chase, Carl Beitzell and Wayne Dowell spent several days last week deer hunting with bow and arrow at Rib Lake. Just hunting—no deer. John and Margaret Runyard spent some time at Pleasant Lake following the same pursuit.

VFW Auxiliary Pledges Funds To Help Vets

The Antioch VFW auxiliary which recently donated a new 50-star flag to Girl Scout Troop 31 and another to Boy Scout Troop 92 also has pledged \$120 to Downey Vets hospital for canteen books.

The auxiliary is pledging \$10 a month for this project. Last year it also contributed \$120 to the canteen books fund.

The auxiliary recently donated to the group's cancer program, the VFW home and the child welfare program. The latter has done a great deal to help families of veterans in time of sickness.

Late in September the ladies sponsored a card party at the American Legion hall with proceeds going to further the auxiliary's hospital work at Downey.

"These are some of several reasons why the sale of poppies is so important to us," the auxiliary said. "Our way of making money is too limited in a community such as ours, where a number of organizations is trying to achieve the same goal."

Only The Antioch News photographs the local scene.
